FAQ

Q: Do I have to get a TB skin test done?

A: TB skin tests are only required AFTER students turn in the TB questionnaire form and if students are instructed to get a TB skin test done by their admissions counselor.

Q: Is there an application fee?

A: There is only an application fee for international students needing a F-1 vis; for all other students there is not.

Q: What is the deadline to apply?

A: We do not have a hard-deadline to apply, but students are encouraged to apply early!

Q: What is an official transcript?

A: An official transcript is once sent directly to GCCC from the school by postal mail or a electronic transcript delivery service. It must have all final grades posted and final gpa. Hand-delivered, emailed, or faxes transcripts cannot be accepted as official.

Q: Do I have to pay for my classes when I enroll?

A: No. Payment is not due at time of enrollment. Payments are due about a month into classes and students can set up a payment plan, arrange for FAFSA payment, or pay in-full.

Q: Is the ACT or SAT required?

A: No, we do not required any placement tests, but if you have taken them we will accept your scores for placement. You can send your scores to the admission office for processing.

Q: When do I get my ID#?

A: Students will get their ID #'s in their acceptance letter once their application is complete.
