Issues:

- I. Minutes, Discussion: Minutes approved as amended.
- II. What to do moving forward: Try to continue as best as we can. There are some assignments that may not be translated well enough. If you can still do your assessment, go ahead. If you can modify to online and then do it, go ahead. If not possible then don't do it. We need to do our best but also be flexible. In our records, we need to make the note that our regular assessment got interrupted due to moving online. If you can't do your regular assessment but can change to another essential skill go ahead and do that. Try your best to continue with assessment. Online courses are assessed all the time, there is no reason to halt assessment.
- III. We need to continue to work on the LASC program assessment.
- IV. We need to create a memo to forward to administration about a faculty member that is not complying with assessment requirements.
