- IV. Non-Academic assessment of Assessment: SLAT members are part of the assessment department/program. SLAT members will be involved on completing our Non-Academic assessment. The plan for assessing this year needs to get completed soon. It was voted and seconded with a unanimous decision that Chris will take over with great enthusiasm (There was celebratory confetti).
- V. Training Video: Sam is working on an assessment basics training video. SLAT members need to critique the Prezi that will be used for this video.

- VI. Accountability file /tracking for SP2020: There are several program assessment reports and essential skills assessment reports that are missing. We need to figure out why these reports are missing. There should have been something turned in. If it wasn't possible to get the program done, that should have been stated and submitted.

- VIII. Adjunct/online workshop (08/11 5:30-7): We will have a short presentation with remainders of best practices with regards to assessment at GCCC. Adjuncts will then breakout into smaller groups, SLAT members will try and be in as many groups as possible. We need to make sure that instructors/liasons are communicating with their adjuncts.
