Policy Title: [Student Conduct in College Vehicles](#)

Policy Statement: [Click here to enter text.](#)

Procedures: The sponsors of activity trips or field trips are responsible for student conduct in college vehicles. The expectations for student conduct should be explained to students before the trip begins. Students may lose riding privileges, if in the opinion of the sponsor, a student's conduct places the other students' safety in jeopardy or presents a disruptive atmosphere in the vehicle.

Damage to college vehicles, by students, shall be paid for by the students who are responsible for the damage. Failure to pay for such damage(s) will cause the student, or students, to be dropped from the college rolls.

Contacts: Vice President of Student Services
